

## **Nebraska Renewable Energy Businesses**

### **Dixon Power Systems**

3250N. 20<sup>th</sup> Street, Suite 1

Lincoln, NE 68521

402-467-3240

[www.DixonPowerSystems.com](http://www.DixonPowerSystems.com)

[dixonpower@alltel.net](mailto:dixonpower@alltel.net)

Dixon Power Systems provides turnkey project services for wind and solar systems, as well as back up generator systems for residential and commercial applications. Dixon Power has many years of experience in this field and has installed renewable electric systems across the Midwest. Dixon power designs, sells, installs and maintains these systems over the long term.

### **Ecotech Energy Solutions**

201 West O Street

Lincoln, NE 68528

402-466-6688

[www.ecotechenergysolutions.com](http://www.ecotechenergysolutions.com)

[Don.Lambert@ecotechenergysolutions.com](mailto:Don.Lambert@ecotechenergysolutions.com)

EcoTech Energy Solutions is a premier provider of renewable and sustainable energy products and energy consulting services. Our goal is to reduce the amount of energy being used while applying innovative products and services to reduce energy costs in all applications.

### **Genesis Renewable Energy Systems, LLC.**

3219 Northgate Drive

Fairbury, NE 68352

402-239-6153

[jfrager@diodecom.net](mailto:jfrager@diodecom.net)

Genesis Renewable Energy Systems is a renewable energy project developer and consulting firm that strives to coordinate entities into the creation of renewable energy centers. Genesis has a broad focus in renewable energy to include involvement in commercial and industrial applications of wind, solar, biofuels and biomass.

### **Health and Energy Company**

3316 Augusta Avenue  
Omaha, NE 68144  
402-697-1205  
[www.HealthandEnergy.com](http://www.HealthandEnergy.com)  
[jtraudt@tconl.com](mailto:jtraudt@tconl.com)

Jon Traudt has been involved with energy and renewable energy in Nebraska for decades. His firm conducts home energy analyses and indoor air quality studies. Jon is an EPA Energy Star Home Rater and has tremendous experience in this area.

## **Home Energy Alternatives**

PO Box 1089

Gibbon, NE 68840

308-293-3407

[www.NebraskaGreenEnergy.com](http://www.NebraskaGreenEnergy.com)

[edtoribio@nebraskagreenenergy.com](mailto:edtoribio@nebraskagreenenergy.com)

Home Energy Alternatives is focused on providing renewable electricity solutions for residential applications through the installation of wind and photovoltaic solar systems. Home Energy Alternatives can provide energy surveys to customers and provide information on energy conservation and renewable energy opportunities.

## **Nebraska Renewable Energy Systems**

708 North Davis

Oakland NE 68045

402-685-4333

[www.NebraskaWind.com](http://www.NebraskaWind.com)

[waterdog@nerenew.com](mailto:waterdog@nerenew.com)

Nebraska Renewable Energy Systems (NRES) provides consultation services for development of the entire spectrum of renewable energy technologies and opportunities for homes, farms, businesses and commercial undertaking. NRES works with biofuels, wind, solar, methane and other technologies and operates an off grid Energy Farm as a demonstration and training facility. NRES developed the Northeast Nebraska Biodiesel facility in Scribner and provides technical assistance to commercial projects across the state. NRES is a dealer for the Nebraska made Triad wind generators.

## **Nebraska Green Fuels Cooperative**

300 Main Street

Lyons, NE 68038

866-950-GREEN(4733)

[www.NebraskaGreenFuels.com](http://www.NebraskaGreenFuels.com)

[info@nebraskagreenfuels.com](mailto:info@nebraskagreenfuels.com)

Nebraska Green Fuels Cooperative(NGFC) is a Nebraska owned green filling station that provides renewable fuels only to CO-OP members and the general public. These fuels include E-85, EM-95, B-100, vegetable oils and others. NGFC also provides vehicle conversion technologies to allow their use (where allowed by law) as well as hydrogen units. Electric charging, gaseous fuels and a blending pump will be installed by 2010.

## **Nebraska Screw Press, LLC**

202 state Street

Lyons, NE 68038

[www.NebraskaScrewPress.com](http://www.NebraskaScrewPress.com)  
[rbyrnes@nebraskascrewpress.com](mailto:rbyrnes@nebraskascrewpress.com)

Nebraska Screw Press (NSP) develops oilseed processing facilities for individuals, farms and commercial operations. NSP operates a community scale crushing facility used for local processing, training and education. Integration of algae production and research into this facility is currently underway, making it a premier research station in Nebraska. NSP is focused on the implementation of vertical integration processes for local energy resources to reduce imported food, feed and fuel requirements.

## **Omaha Biofuels Cooperative**

Omaha, NE

[www.OmahaBiofuelsCoop.org](http://www.OmahaBiofuelsCoop.org)  
[info@OmahaBiofuelsCoop.org](mailto:info@OmahaBiofuelsCoop.org)

Omaha Biofuels Cooperative(OBC) is a locally owned enterprise that engages in used vegetable oil collection and production of biodiesel and filtered vegetable oil for the use of cooperative members. OBC is involved in developing market awareness or the general public and membership is open to the public, but sales are to CO-OP members only.

## **Plymouth Industries**

Plymouth, NE

[www.plymouthindustries.com](http://www.plymouthindustries.com)

Fabrication of metal structural parts for wind towers

## **Prairie Spirit Farms**

84368 574 Ave

Pilger, NE. 68768

402-396-3724

[detobias@conpoint.com](mailto:detobias@conpoint.com)

Prairie Spirit Farms is owned by Dave Tobias who is a dealer of small wind turbines. Dave has a grid tied 10Kw turbine he has been using on his farm almost five years. Prairie Spirit Farms focuses on the sales of these small wind generators for homes and farms.

## **Search, Inc**

14927 Shirley Circle

Omaha, NE 68144

402-333-8722

[www.searchllc.nowebads.com](http://www.searchllc.nowebads.com)

[seveans@tconl.com](mailto:seveans@tconl.com)

Search, Inc. is a consulting firm focused on community based renewable energy development encompassing wind, solar, geothermal and micro-hydro technologies. Search founder, Steve Eveans has been involved in renewable energy in Nebraska for decades and continues to work in this area.

## **Solar Light and Power**

Omaha, NE

402-733-7279

[www.SolarLightAndPower.com](http://www.SolarLightAndPower.com)

[Jmixan@solarlightandpower.com](mailto:Jmixan@solarlightandpower.com)

Solar Light and Power focuses on solar electric systems that provide power for lighting applications, but work with all sorts of PV solar systems as well. Solar Light and Power is in the forefront of solar powered LED systems in Nebraska and has numerous innovative products that utilize LED lighting, the most energy efficient lighting out there.

## **Solar Heat and Electric**

517 North 74<sup>th</sup> st

Omaha, NE 68114

402-590-5900

[www.SolarOmaha.com](http://www.SolarOmaha.com)

[mshonka@qwest.net](mailto:mshonka@qwest.net)

Solar Heat and Electric is focused on deployment of solar thermal and photovoltaic systems for residential and commercial applications. Started in 1983, Solar Heat and Electric is experienced in all aspects of solar project development and can supply everything from components to turnkey project management.

## **Sonpower Industries**

80463 479<sup>th</sup> Ave

Ord, NE 68862

308-728-5456

[adjkmk@frontiernet.net](mailto:adjkmk@frontiernet.net)

Sonpower Industries is a leading developer of alternative oilseeds and oil products in Nebraska. Sonpower has been growing oilseed sunflowers in central Nebraska for several years and has developed efficient methods of planting, harvesting, storing and processing oilseed sunflowers. Sonpower sells sunflower oilseed meals and vegetable oils and produces biodiesel for use within the farming and processing operation they operate.

## **SWT Energy Inc.**

Lincoln, NE 68508

[www.SWTEnergy.com](http://www.SWTEnergy.com)

[swtenergy@yahoo.com](mailto:swtenergy@yahoo.com)

SWT Energy Inc. was incorporated in June, 2006. The company provides alternative energy products and systems. Solar and wind systems are the primary focus. Batteries, fuel cells and thermal storage systems are also included. Systems include solar photovoltaic, thermal solar and wind turbine technologies. SWT Energy manufactures solar air collectors and air handlers for distribution world-wide. Owner, Randy is a certified energy analyst (state of Nebraska). SWT Energy is committed to providing its customers quality alternative energy systems at competitive prices.

## **Wagoner Wind**

3205 Poppleton Ave, #12

Omaha, NE 68105

402-680-6110

[www.WagonerWind.com](http://www.WagonerWind.com)

Wagoner Wind focuses on installation, maintenance and repair of meteorological towers that are used to measure wind energy potential for commercial and utility scale applications. Wagoner Wind contracts to build wind energy monitoring systems and can perform data collection as needed for the application. Although based in Omaha, Wagoner Wind covers the entire Midwest.

## **Windrow Energies, LLC**

14297 Shirley Circle

Omaha, NE 68144

402-333-8722

[www.windrowenergies.com](http://www.windrowenergies.com)

[seveans@tconl.com](mailto:seveans@tconl.com)

Windrow Energies is focused on providing renewable energy solutions for communities in the Great Plains. Windrow Energies is a Nebraska Limited Liability Company providing a wide variety of development and consultation services with a goal of community development. Windrow Energies is currently focused on development of community and utility scale projects that enhance rural development.
